FIP Promotion Ciudad de Jaén, double Spanish success

Two Spanish pairs won the **FIP Promotion Ciudad de Jaén**, the second tournament in this category played over the weekend in Spain. In the men's draw, the trophy was lifted by **Pablo Pastor Landaburu** and **Eneko Arija Ochoa de Alda**, the number 7 seed, who beat 6-2 6-4 in the final **David Torregrosa Baena** and **Juan Pedro Ramirez Ruiz**, who had made it from the qualifying round to the final. *"We worked hard to take home the trophy – said Ochoa, World Junior champion in Asuncion in 2023 –. Although we did not reach 100 per cent, we were able to fight to win my first FIP tournament".*

Among the women, however, the title went to **Natividad Lopez Diaz** and **Laura Lujan Rodriguez**, number 4 in the seeding, thanks to a 6-3 6-4 victory in the final over **Marianela Montesi** and **Aitana Garcia Roman**. *"We are on the right way – said 'Nati' –. Thanks to everyone for the support this week, now ready for the next tournament, the FIP Rise Goteborg".*
