GNP Mexico P1, day 4 Alonso-Ustero, 33 years of age added up and in the semifinals

Seventeen years one, 16 years the other. Never in the history of the **Premier Padel** circuit had such a young couple reached the semifinals. History was written by **Alejandra Alonso** and **Andrea Ustero** who, beating 6-2 6-2 **Aranzazu Osoro** and **Carmen Goenaga**, reached the semifinal of the **GNP Mexico P1**. Between the Spaniards and the final, there is now only **Virginia Riera** and **Sofia Araujo** (6), who defeated 6-4 6-2 **Ana Catarina Nogueira** and **Bea Caldera**, who had eliminated world and Acapulco number 1 **Paula Josemaria** and **Ari Sanchez** in the round of 16. At the bottom half, however, **Delfina Brea** and **Bea Gonzalez** (2) lived up to the expectations by beating 6-2 6-3 **Lucia Sainz** and **Patty Llaguno**. In the semifinals, however, the Argentinean and the Spaniard will not find **Triay/Fernandez** (3), finalists in Doha, but **Jessica Castelló** and another very young player, the Argentine **Claudia Jensen** (7), who after losing the first set in the tiebreak left only four games to their opponents (6-7 6-2 6-2).

MEN In the men's draw, however, the top four pairs on the **GNP Mexico P1** entry list reached the semifinals. If **Arturo Coello** and **Agustin Tapia** (1), **Juan Lebron** and **Ale Galan** (2) and **Paquito Navarro** and **Sanyo Gutierrez** (4) finished in two sets, with Lebron and Galan 'avenging' the Doha defeat by beating 6-4 6-2 **Yanguas/Garrido** (7), the 'Superpibes' **Franco Stupaczuk** and **Martin Di Nenno** (3) were the only ones who needed the deciding set, however, closed 6-0 after conceding 6-4 in the second set. Today's semifinals, starting at 4 p.m. Mexican time, 23:00 CET: **Riera/Araujo-Alonso/Ustero**, then **Stupaczuk/Di Nenno-Lebron/Galan**. In the evening session, starting non before 7 p.m. Mexican time (2 a.m. CET), **Castelló/Jensen-Brea/Gonzalez** and **Coello/Tapia-Navarro/Gutierrez**.
