FIP Rise Oeiras, the first time of the CUPRA FIP Tour in Portugal

The men's team's bronze medal at the last **FIP World Padel Championships** is a sign that padel in **Portugal** is becoming increasingly popular. And at the weekend, for the first time, Portugal will host a **CUPRA FIP Tour** tournament: a **FIP Rise** will be played in **Oeiras** with two draws – one men's and one women's – of 32 pairs each.

Among the men, the entry list is led by Italians **Simone Cremona** and **Marco Cassetta**, defeated by Portugal in the final for third place in Doha, followed by Portuguese **Gustavo Nunes** and Spanish **Raul Marcos**. Among the women, however, Spanish **Lucia Garcia** and Argentinean **Daiara Valenzuela** are the top seeds in the draw, with Italian **Martina Parmigiani** and **Emily Stellato** (bronze medallist at the FIP World Padel Championships against Portugal) leading the bottom half. Other pairs on the court include **Nacho Moragues** and **Marc Sintes**, winners of last week's FIP Star in Kaunas.
